In scheduling events for the year, accommodating everyone is impossible. Please understand that we cannot attempt to schedule around each individual's activities. This calendar should assist you in scheduling around our band events. Some of our dates are set by the state and others by our school district and region. When scheduling performances and rehearsals, we, the directors, take special care to try to avoid conflicts with other school functions. Please communicate in advance if there is any conflict.

Updated as of 9/24/09
