

# PRIVATE LESSON TEACHERS

As emphasized in our Ensemble Expectations, private lessons are a huge part of our program. With larger classes compared to 6<sup>th</sup> grade beginner band, private lessons give the students a consistent one-on-one experience with an approved professional on their specific instrument. The more they progress, lessons become more important to the growth of each individual, each band, and the entire program. We encourage every student to consider lessons even if they have not taken in the past. We also encourage you to communicate with the directors regarding any questions or concerns about lessons.

## **Flute**

Jennifer Hunter
