All-Region Sectionals are required for All Honor Band and 8th grade Symphonic Band Students. It is a double participation grade each week. We utilize these sectionals to prepare the "etudes" (musical study) that are different for each instrument and cannot be worked on effectively in class. All other band students are encouraged to attend these sectionals if they aspire to audition for the All-District or All-Region Band. These sectionals run for 11 weeks up to the auditions in November. Our private lesson staff will teach these sectionals with the directors supervising to provide our students with the best possible instruction on their individual instrument.
